## Valuable Information on the Website: <http://www.rivertonyachtclub.org>

The Riverton Yacht Club Sailing Instructions (SI's) are on the website. This is where the club lists their changes to the Racing Rules of Sailing. Uwe Mewes will hold two more comprehensive presentations of the rules on March 23 and April 20 at 6:15 p.m. upstairs at the club.

Don't forget, the club will hold another boating safety course on May 21-22.

## See You at the Work Parties On Saturday, April 3 and 10

On Saturday, April 3 and 10, get to the club early for a hot cup a Joe, bagel or donut, and get ready to get the club ready!

If you haven't experienced the fun and camaraderie, there's no time like the present. A crew will be on the water putting the moorings in, then on the pier, any necessary repairs will be made, the floating docks will be readied and launched, and the club boats and davits readied for a busy summer.

Inside the building, we'll be cleaning from top to bottom and organizing the kitchen and sail loft areas. Each day will include a nice lunch and the general meeting will commence after the lunch on the 10th.
