Commodore Statement on Covid-19

Dear RYC Members,

In light of the recent New Jersey mandates regarding COVID-19, the RYC Board of Directors has made the difficult decision to cancel all currently scheduled activities and gatherings including the March 28th and April 4th work parties, April 11 opening day activities, and rules seminars scheduled April 15 and 22 until further notice.

While the pier will remain accessible to members, the Board urges all members to follow federal, state, and local recommendations regarding COVID-19 while on RYC premises.

We continue to closely follow the evolving recommendations in New Jersey and Pennsylvania and will provide more information on events scheduled after April 22, including start of racing, as more information becomes available.

Sincerely,

Glenn Smyth Jr
Commodore
